

YEOVIL LEAVE HAPPY AND CONFIDENT.—As the train steamed out of the station with detonators exploding beneath the wheels, supporters raised a cheer for the team in their special saloon coach. Looking out of the window are Keeton, Davis and Dyke.

YEOVIL 'KEEPER INJURED'

Yeovil's Cup-tie hopes received a severe set-back this morning when Dickie Dyke, who kept goal in the Sunderland Cup-tie, was taken to hospital with a severely cut knee. Four stitches were inserted. Dyke was engaged in a ball practice and received the injury when going down to a shot from one of the Yeovil team. It is thought that a broken bottle may have been the cause. Dyke can now almost certainly be regarded as a non-starter.

MANCHESTER UNITED, the Cup holders, who may meet Yeovil in the next round of the Cup. Left to right: Matt Busby (manager), Burke, Warner, Chilton, Crompton, Aston, Mitten, McGlen and T. Curry (trainer). Front row: Morris, Delaney, Hanlon (Bury), Carey, Pearson, Rowley, Walter Crickmer (secretary). Inset: Left, Walton (now with Preston), and right, Cockburn.

IN Manchester today it was stated that thousands of applications for stand tickets have had to be refused. The work is entailing the use of extra staff.

As the match is the only Cup-tie in the area, Maine Rd. officials are expecting an 80,000 "gate" if the weather is fine.

Victor Dyke, Yeovil's reserve goalkeeper, who played so well against Sunderland in the 4th round, will not play against Manchester United.

His injured leg—he had four stitches in his knee after a training injury yesterday—will not have healed in time.

Stan Hall, the regular first-team goalkeeper, who was injured in a Southern League game before the Sunderland match, returns to the side.

HALL RETURNS

Another change in the Yeovil team is the return of Stan Hall in goal in place of Vic Dyke, who played such a great part in Yeovil's win over Sunderland.
