we went around the big Grandston  
"There he was the policeman waiting  
for us: by the way there were 3 of us."

These were his <sup>women</sup> I will try some more

You little bods we got yer now  
for trespassing into this ground  
(From behind his back he produced  
a stick it looked to me to be very  
thick;

Now turn around each one of you  
and you see what I'm going to do  
he struck us hard across the ass

3 strokes each he made us have,

Now go on home and tell your dads  
how your beams got so red

I sure he will kick you up stairs  
into your beds and box you about  
the head.

"Ah" now this policeman said to us 3  
theres one more job you <sup>have</sup> in hand is to  
put they cards back in the stand  
and just make some <sup>do</sup> of it  
right cos I dont mind staying  
here all night.

This job done it was <sup>next</sup> you

So home for tea; and we three made  
a pact to tell none of our acls

or else we would get a whipping

Hoping this little remembrance of old  
times be of interest

I followed the fortunes good and <sup>Bad</sup> of the club
