

● **JERRY GILL** wasn't one of the Yeovil Town players whose heads dropped during Saturday's shock 3-2 defeat at the hands of Kingstonian – although this picture by Len Copland might suggest otherwise!

Gill heads for Dublin on Tuesday to play for the England semi-professional side against the Republic of Ireland

● **WARREN PATMORE** – Bashley want him

● **TONY POUNDER** about to slide the ball wide of the far post when he had a glorious chance to put Yeovil Town level in the fourth minute of their ICIS League match with Kingstonian on Saturday. The Surrey side, who had taken a second minute lead, went on to win 3-2, shattering Yeovil's unbeaten home record and knocking them off top spot. Picture by Len Copland.

He said yesterday: "At the moment only Jamie Laidlaw has gone – he played for Bashley in the Doc Martens League last Saturday.

"I have also had a bid from Bashley for Warren Patmore. It wasn't an offer I would describe as derisory, but it wasn't enough.

"I don't want to lose Warren, but everyone has a price and I have to take every offer seriously".

Patmore started out at Bashley in the same team as Leroy Whale. He arrived at Yeovil via spells with Cambridge United, Millwall and Northampton, plus a year when he gave up the game altogether to concentrate on golf.

Still only 25, he has been Yeovil's top scorer in his two seasons with the club, hitting 28 in 46 outings last term and 20 so far this year in 36 appearances, seven of which have been as substitute.
